APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of livestock served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.
This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.
The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.00774 cubic feet per second, or sufficient to water 1440 head of cattle.

Work must be prosecuted with reasonable diligence and be completed on or before June 28, 1986

Proof of completion of work shall be filed on or before July 28, 1986

Application of water to beneficial use shall be made on or before June 28, 1987

Proof of the application of water to beneficial use shall be filed on or before July 28, 1987
